Rousing Homecoming Greets Spacemen

NATIONAL WEATHER SERVICE FORECAST for 7AM EST 6-26-73

MONDAY NIGHT will find showers and thunderstorms scattered over parts of the north and southern Plains, the Lakes region and Florida. Elsewhere, fair to partly cloudy skies should prevail.

Urges Nixon Submit to Press Meet

NEW YORK (UPI) — Vice President Spiro T. Agnew has suggested that President Nixon submit to a controlled press conference in which he would answer questions from a few reporters about the Watergate affair, Time magazine reported Sunday.

The magazine, quoting from an interview it held with Agnew last week, quoted him as saying, "I think a Presidential press conference would be a mistake. I don't think the President can be put in a position where there's an inquisition with people screaming and yelling the way they've been known to do."

However, he suggested a controlled press conference with "a couple of people from the electronic media, a couple of people from the print media... You could screen out the matters that are highly improper under the circumstances and concentrate strictly on information concerning the President's position."

Agnew again expressed "full confidence" that Nixon was not involved in Watergate, Time said. He said, Nixon has made a few mistakes in the affair but I think they have been very minimal." He suggested calling in the Committee To Re-elect the President might have been one of them.

Weekend Traffic Takes 13 Lives

By United Press International

Thirteen persons died in Michigan weekend traffic mishaps including six killed in double-fatality accidents Saturday.

State Police said the first such accident claimed the lives of Francis Ware, 11, and Michael Barbee, 16, both of Detroit, early Saturday. They collided with a truck on U.S. 23 about four miles south of Port Sanilac in Sanilac County.

Robert A. Gamble, 21, Flint, and Jeanie L. Rogers, 19, Owosso, died Saturday night in Millington Township of Tuscola County when the motorcycle they were riding was hit broadside by a semi-trailer truck.

The weekend's third double-fatality accident occurred late Saturday on M-63 in Benzinger Township of Shiawassee County. Two men driven by Eugene Ochodnicky, 33, Owosso, and Ronald J. Cramer, 45, Lansing Park, collided head-on.

Police said one person died after being hit by a car Thursday night as he was directing traffic at the scene of a previous accident.

Other victims were James Hornberger, 23, Flint; Jose Alonso, 19, East Lansing; Paul Bowers, 18, Alma; Colleen Neely, 48, Grand Blanc; Ross McKarsey, 17, St. Clair Shores, Gary Bachta, 21, Detroit and Catherine Esser, 26, Fraser.

Claims FBI Has Good Leadership

WASHINGTON (UPI) — Acting FBI Director William D. Ruckelshaus said Sunday that criticism of the agency - including his designated replacement, Clarence B. Kelley - have been overblown." the bureau's leadership problems over the years.

"Ruckelshaus, the FBI's second acting director since the death of J. Edgar Hoover in May, 1972, also objected to recent reports that morale has hit a low ebb in the agency.

"Frankly," he told UPI in an interview, "they've never been in better shape. We've had Hoover died and the organization is so organized that I don't think they have missed a beat during a period of permanent head.

Kelley, the police chief in Kansas City, Mo., and Ruckelshaus' nomination for permanent director, told the Senate Judiciary Committee last week that he hopes he can "restore confidence and leadership in the FBI. Hearings continue Monday.

"One thing that disturbs me about the FBI at this point," Kelley said, "is that they are operating at a level of leadership and they are feeling that confidence in them has been hurt" by the Watergate scandal.

Six Drown On Weekend

By United Press International

Six persons drowned in separate mishaps this weekend in Michigan, including a Flint man who left the security of his fishing boat to try to save his dog.

Bay County Sheriff's deputies said Joseph Bellinger, 40, and drowned Saturday in Cook Pond in Essex County when he tried to rescue his dog. His fishing partner, Walter H. Hoke, also of Flint, dove into the pond to save Burke, but also got into trouble. Witnesses managed to save Walker but Burke went under.

Burke's body was recovered Sunday by scuba divers from the sheriff's department.

Other drowning victims were Melvin Gardenar, 31, Charlotte; Keethe Beaver, 15, Grand Rapids; Louis Ivy Jr., 35, Saginaw; Robert Ortiz, 21, Bay City and Henry Willis, 38, Port Sanilac.

Homeowner Shot to Death In Belfast

BELFAST (UPI) — A Protestant homeowner in Belfast answered a knock at his front door early today and died in a fusillade of bullets fired at point-blank range, the army said.

An army spokesman said the victim was the seventh man killed in a 10-block area of Belfast's rich Park district within the past 18 months and the fifth victim of vengeance killings this year. His killers escaped.

His death raised the overall toll to 881 persons killed in four years of violence among Northern Ireland's majority Protestants, minority Roman Catholics and British troops.

The shooting shattered what the army called one of the most peaceful weekends in Belfast in several months.

The boneseeming is a drinking bout between Gaylord Nelson and Soviet leader Leonid Brezhnev at the Western White House at San Clemente, Calif.

The pilots spent most of today in technical debriefing sessions about their orbital research trip in the largest spaceship ever flown. The next Skylab crew, Alan L. Bean, Owen K. Garriott and Jack H. Lousma, will take off in late July for an eight week stay in the space station.

"I'm glad to turn it over to them," Conrad said as far as I'm concerned he's go for 56 days," said a beaming Conrad.

With Nixon standing aside, Brezhnev held an artistic conversation with Conrad, Kerwin and Weitz, calling their mission "a great achievement in science and an achievement for the people of the world.

Brezhnev Gets Phrase

You are very, very brave men," Brezhnev said through his interpreter. "I envy you for your safe mission."

Brezhnev referred to plans for a joint mission in 1975 and said, it is "equally important that we are talking on the ground as it is most in space."

The pilots gave Brezhnev a plaque and a patch flown on Skylab, and also gave him a multifaceted knife used by Conrad, mounted on another plaque as a gift to the Soviet cosmonaut corps. Under the knife was the inscription, "We are with you as you are with us on all flights in space."
